Hi Good morning Captain Jones,

I have spoken to [REDACTED] and unfortunately these aggressive situations continue to occur outside of his household with his neighbor who is the owner of the house (Owner is Jesse and his wife is Melissa) they drink alcohol outside and throw their empty beer cans in [REDACTED] yard consistently.

[REDACTED] says that these home owners bully, harass, and are aggressive towards [REDACTED] and his family, his gardeners, and members of his home.

Can we have a wellness check and maybe pay a visit or phone call to him regarding these several terrible situations occurring frequently.

██████████ can be reached ██████████

Isa Pulido

Council Aide

City of Carson

701 E. Carson Street, Carson Ca. 90745

Hi to the City of Carsons Council Members and City of Carsons Mayor,

Anyone that works for the city of carson can call me back at [REDACTED] regarding this complaint or email me back at my email address at [REDACTED] which I'm the part owner of the house located at [REDACTED] in the city of carson or forward this email to the correct department of the city of carson to resolve this issue please.

Complaint Regarding California Vehicle code CV22500F not being Enforced by the city of carsons police department for vehicles being parked illegally on driveway Aprons and blocking the sideways

I'm part owner of the house located [REDACTED] in the city of carson. The next door neighbors which are located at address [REDACTED] have many guests and visitors throughout the day that park their vehicles in front of my driveway apron as well as blocking the sidewalk. The owners of the house are the parents whose adult kids still live at home. Both of their adult kids are in their 30's to early 40's and have many guests/visitors which are parking their vehicles in front of my house located at [REDACTED] onto the driveway apron which blocks the sidewalk and my driveway. The guests/visitors never asked for permission to park their vehicles in front of my driveway by parking their cars blocking the sidewalk and driveway apron.

I want to make this very clear that the address [REDACTED] neighbors Guests/Visitors have never asked for my permission or got my approval to park their vehicles in front of my house located at [REDACTED].

I'm not sure why the city of carsons police department is NOT enforcing or issuing parking citations for this California vehicle code CV22500F which is a parking violation for blocking the sidewalk and dripping oil onto the city of carsons driveway aprons.

I'm tired of the city of carsons police department giving these visitors/guests **FREE PASSES** and not issuing the CV22500F parking citation as well as other citations and violations. The city of carsons police department as well as the city of carson code enforcement have told me they have "**Discretionary Powers**" to give warnings and don't have to issue CV22500F parking citations and other citations. It's not right or fair when adjacent neighbors/visitors/guests are bullying, controlling, harassing, and threatening adjacent homeowners because they want to continue parking their vehicles in front of houses driveway apron and blocking the sideways.

I had a dispute with the owner of the **vehicle license plate number 8BRE690** which I have attached the pictures in this email. The Owner of this vehicle never got permission or approval from me or the other owners of the house located at [REDACTED]. I don't know who this person is or why they were parked in my driveway apron as well as blocking the sideways. I asked the owner of the vehicle why he parked illegally in front of my house which I got a major attitude from him saying do I have a problem with him parking in front of my house blocking the driveway? and if I got a problem with him parking in front of my house then I will have even more problems, which I feel is a Threat. This is 100% not beverly hills treatment for sure because you would never get this type of treatment by neighbors living in beverly hills but you will get this type of treatment living in the city of carson.

It would be really helpful if the city of Carson's mayor and city council members would help enforce this parking citation CV22500F to resolve this issue to make living in Carson safer.

If you type the address [REDACTED] on google, you will see a car parked into the driveway apron and blocking the city sideways. Even google has snapped a picture capturing a car park illegally blocking the sidewalk and driveway apron. Click here to see the picture.
